Subject: FW: ACTION BY TUES, 10/26; Input for state secty talking points - WVDEP and PADEP

Flag: Follow up

Pam, its that time for another RA briefing. Not much has happened with the CRW case since September 14. Here is my bullets. Do you have anything to add?

Capital Region Water (CRW):

- On October 5 and 8, 2021, CRW provided requested documents on Appendix B, CD deliverables, which are a combination of collection system remedial and CSO reduction projects.
- Once EPA and PADEP complete its review of these documents they will determine if additional information is needed from CRW
- EPA and PADEP have meeting on October 28 and November 1 to discuss the deliverables
- The Litigation wants to schedule the next settlement meeting before Thanksgiving.

It's time (once again) for the updates for the RA's monthly calls with WV and PA.

Ingrid – The update has been on for 2 months. Should it stay on the agenda, or should it be removed?

Steve – Can you (once again) provide an update on CRW Harrisburg? Thanks!

Everyone else – please let me know if you have any issues for the RA to raise.

Thanks!
Mark

Hello ECAD Managers:

By next Tues, October 26, 11am, please submit your proposal for any critical hot and/or emerging issues that you feel the RA should raise during his monthly meeting with **WVDEP and PADEP**.

You have the option of either emailing me PRIOR to the managers meeting (preferred), or raising the topic during the meeting to confirm it should be included this month.

Please respond to this email with “no input” if no hot issues for your group.

For context, we submitted the following topics last month:

WVDEP

Nonresponsive based on revised scope

PADEP

Nonresponsive based on revised scope

Nonresponsive based on revised scope

Capital Region Water (CRW):

- On September 14, 2021, EPA and PADEP met with Capital Region Water (CRW) the wastewater authority in Harrisburg, PA to discuss Consent Decree (CD) projects.
 - The discussion focused on Appendix B, CD deliverables, which are a combination of collection system remedial and CSO reduction projects.

Ex. 5 Deliberative Process (DP)

- EPA is expecting a series of deliverables from CRW by October 1, 2021, and based on this information, the next settlement negotiation will be scheduled.

Nonresponsive based on revised scope
